

DEDICATE A TREE

Once your Tribute Fund reaches £2,500 we will invite you to dedicate a tree in honour of your loved one in one of the many Woodland Trust sites across the UK. The sites are easily accessible and you are free to visit at any time.*

“Setting up a Tribute Fund for my mother was the perfect way for my family to donate to PSPA, whilst being able to keep her close in our thoughts. Mum would be very proud of the fact that there is a ‘Pauline Walker Tribute Fund’ and that all the money raised in her name is going towards helping others living with PSP.”

Corrine Walker, who created a Tribute Fund in honour of her Mother, Pauline.

* Please note that trees are not marked or labelled in any way, nor is the area of dedication marked on the ground.

If you would like to talk to someone about your loss you can call the PSPA helpline on 0300 0110 122

CELEBRATE THE LIFE OF SOMEONE SPECIAL

**YOUR
TRIBUTE FUND STARTS
HERE**

CELEBRATE THE LIFE OF SOMEONE SPECIAL

A Tribute Fund is a special place to remember and celebrate the life of someone important to you. Setting up a Tribute Fund allows you to create a personal online space to share memories with family and friends whilst raising money to support other people affected by PSP & CBD.

You are able to easily personalise your Tribute Fund with stories and photos of your loved one. Your page can become a celebration of their life and a reflection of how much they meant to you and to others.

Your Tribute Fund can help make vital research possible, all in your loved one's memory. It could ensure people living with PSP & CBD get the care and support they need.

SIMPLE WAYS TO GROW YOUR TRIBUTE FUND

There are so many ways you can fundraise in your loved one's memory – you can choose whatever works for you. Whatever you decide, it's easy to get your friends and family involved to celebrate your loved one together.

HOW WILL A TRIBUTE FUND SUPPORT PSPA?

Our aim is that people affected by PSP & CBD feel they do not have to face the future alone. PSPA is committed to supporting people living with PSP & CBD. We provide a range of services including a dedicated PSPA helpline, local support groups and raise awareness among health care professionals.

OUR VISION FOR THE FUTURE IS A WORLD FREE OF PSP & CBD

PSPA funds and promotes ground-breaking research to improve the lives of everyone affected by PSP & CBD. We dedicate our resources into finding the causes, treatments and eventually a cure for PSP & CBD.

JOANNA'S MUM

Joanna Irwin's mum, Joan Bright, has been living with PSP for nine years. During that time the family has supported PSPA. Sadly this year Joanna's dad Alan suddenly died. The family decided to raise money for PSPA in Alan's name.

Any donations raised through your Tribute Fund will help support the vital work of PSPA.

Start your Tribute Fund today – simply go online and follow the instructions at <https://pspassociation.org.uk/tribute-funds>

If you need any help setting up your Tribute Fund, please email fundraising@pspassociation.org.uk

“Setting up a Tribute Fund provides friends and family with something positive to do, when faced with the devastating death of someone close. We certainly take comfort from knowing that the money raised in Dad's name will help others living with PSP.”
