

Are you living with PSP or CBD or caring for someone who is?

PSPA support groups offer people the chance to meet others and share ideas, experiences and information in a comfortable and welcoming environment.

For meeting dates please contact the PSPA helpline on 0300 0110 122 or visit our website www.pspassociation.org.uk

PSPA offers support and information to people living with PSP & CBD and their families to enable them to live their best lives possible. Our aim is that no one with these conditions should have to face the future alone.

Progressive Supranuclear Palsy(PSP) & Corticobasal Degeneration(CBD) are rare neurological conditions that lead to difficulties with balance, movement, vision, speech and swallowing. There is no cure.

For more information visit our website www.pspassociation.org.uk
